

The Part Number:

## 1-BPP88F38

**PRODUCT NAME:** PWP Water Booster Pump with Adjustable Bypass

**PUMP DESIGN:** Three Chamber Diaphragm Pump

**CERTIFICATION:** Pump is tested and certified by NSF International against NSF/ANSI standard 58 for materials and structural integrity requirements.

**MOTOR:** Permanent Magnet

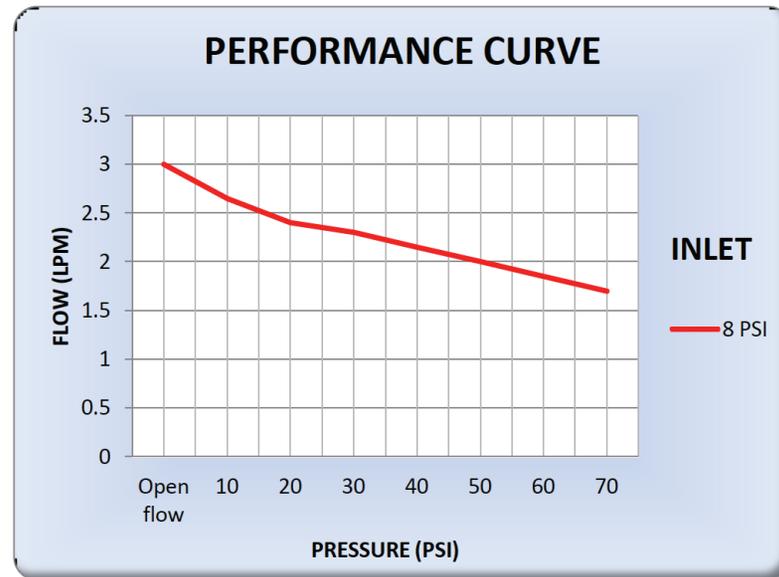

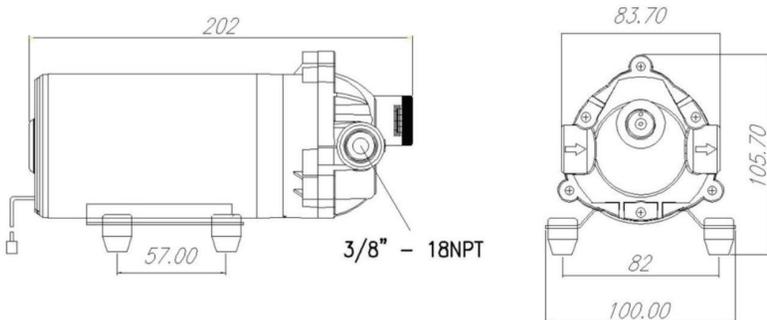

**VOLTAGE:** 24VAC

**PRESSURE SWITCH:** None

**APPLICATIONS:**

- Pre-filter water treatment
- Food & beverage dispensing equipment

**DIMENSIONS:** Unit (mm)

Technical Data	
Liquid Temperature	60°C (140°F) max
Self-Prime	Yes, up to 2 Meters. Runs dry without damage
Ports	3/8 in - 1/8 in FNPT
Net Weight	2.12 kg
Duty Cycle	Continuous
